

Scholar-Athlete Advantage Club Athletic Combine and Education Services

- ◆ **Soccer-specific combine testing** using **Fusion Sport Smartspeed Testing Equipment!** Athletes will be tested in the 40 Yard Dash, Pro-Agility (5-10-5), Vertical Jump, and Shot Velocity Using the same equipment as the MLS, NFL, and NBA.
- ◆ **Data and Results are available within 48 hours of the combine.** Combine results can be used to track player progress, quantify the tryout and selection process, and help student-athletes market themselves to High School and Collegiate Coaches.
- ◆ **Evaluate the effectiveness of training/speed and agility programs.** Comparing results over a period of time allows trainers and coaches to concretely determine if a program is working for their team and adjust accordingly. Comparative results can also be used by individuals looking for personal areas of improvement.
- ◆ **Motivate your players** by sharing their results and comparative data.
- ◆ **Partnering with Guiding Future Stars** to educate high school student-athletes, parents, schools and organizations in understanding how to navigate through the College Recruiting Process! Clubs/Families have the option of receiving a copy of the **Designing Your Pathway to College Sports E-book**. This tutorial will guide you through all of the proper steps to find the right academic institution that fits your needs **academically, athletically, and personally**.
- ◆ **Student-Athlete Profile Page (if applicable)** - Prospective Student-Athletes will have the option to construct a Player Profile Page that will stand out to all College Coaches. Cost for the Profile page is \$10.

Everything we do at Scholar-Athlete Advantage and Guiding Future Stars is to help Student-Athletes. We believe our services for clubs will provide valuable academic and athletic information for the Student-Athlete as well as athletic data and results for coaches and trainers.
